

# THE WRANGELL SENTINEL

VOLUME 15, NUMBER 26.

WRANGELL, ALASKA, SATURDAY, JULY 15, 1916

\$2.50 PER YEAR 10c. PER COPY

## Germany Will Have An Air Line To The United States Soon

Baltimore, July 15.—Captain Koenig, of the submarine liner Deutschland, made the statement yesterday the German government would soon put in operation a fleet of Zeppelins to carry mail, freight

and passengers between the United States and Germany. Captain Koenig stated that all plans were perfected and that the first air ship would be due in this country within a short time.

## King and Queen Have Narrow Escape From Fire

Athens, July 15.—The King and Queen of Italy had a very narrow escape from death yesterday when their Chateau Country estate was destroyed by fire. Several high army officials perished in the flames according to information given out. It is stated that the fire started in the kitchen and rapidly spread in all directions.

## Building New River Boat For Stikine

Wm. Reade is working overtime his crew at his boat shop, rushing the completion of a new river boat for Dick Howard, R. Shangle and Wm. Strong. The new vessel will be 50 feet long with a 12 foot beam and will be powered with two 30 h. p. engines. The new boat will be ready for the water the first of the week according to Mr. Reade today and from her lines she is expected to be a speedy ship. The new boat is a scow model, flat bottom, double tunnel with a shallow draft and when loaded will draw less than a foot of water.

## Canadian Government Man Here

Mr. Dan Kean, superintendent of Public Work for the Dominion Government of Canada, was one of the passengers down on the Nahlin and reports that his crew has been very successful the past summer in their work of clearing the riffles in the upper river. Mr. Kean states that he will ask for a special boat for the next season to be used in ridding the lower river of snags and stumps.

**WHY PAY RENT?**—When you can own your own home. We have two lots, a three room house, all furnished, water in kitchen, electric lights, for sale cheap. Call at Sentinel Office.

## Will Try To Get Submarine When She Leaves

Baltimore, July 15.—According to incoming steamers which arrived here yesterday several British cruisers and war vessels are now waiting outside the Cape to make an attempt to capture the submarine liner Deutschland when she starts on her return trip to Germany.

## New Princess Makes First Trip Here

The Princess Charlotte, the big floating Palace of the Canadian Pacific Railway Steamship line, arrived in Wrangell on her first trip to Alaska early last Tuesday morning and went south again last night. The Princess Charlotte is, without a doubt, the finest vessel that has ever sailed the Southeastern Alaska route and will make a regular trip every other week all the rest of the season. The Princess Charlotte is under the command of Captain John McLeod, one of the best known and best liked skippers on the Alaska run. A. G. Baker is Purser.

The Princess Charlotte has 178 round trip passengers aboard, and 58 other passengers making a list of 236. Her passengers for Wrangell were: H. W. Brodie, J. Russell G. Davis, J. Lovett, A. Radolet, C. Kennedy, G. Kennedy and J. Nogue.

The mill tug Alaska and the barge Ruby returned Tuesday from the trip to Klawock and once more the Wrangell Dray is being handled by its owner and Arnt is back behind the mahogany and all is well.

**LOST**—A 4 carat flawless blue white diamond setting from ring. Good reward if returned to Sentinel Office.

When you want hauling done why not patronize a licensed dray man.—Oscar Carlson.

## British Get Second Line Of Trenches

London, July 15.—The British forces have penetrated the second line of the German trenches on the Western front after terrific attacks this morning according to officials bulletins posted today. The greatest gain was made over a four mile front and the great French guns accomplished wonders in paving the way for the infantry. Many important points were gained and held by the British forces.

## Five Arrested For Bootlegging In Anchorage

Anchorage, July 15.—Five men were arrested in this city yesterday on a charge of bootlegging.

## Salmon Run Is Very Late In This Section

The salmon canning season seems to be very backward this year according to the statements of several of the important cannery men of the district. Superintendent C. Harris, of Santa Ana, stated that there was no fish to speak of in his section and Superintendent Barlow of Point Warde, who was in town yesterday stated that his cannery was over twelve thousand behind the pack of last year at this time. Superintendent Schott of the A. P. A. states that the run at his traps has nearly stopped and the Sanitary Cannery has only four thousand cases up, which is far behind last year. Reports from all sections seem the same and unless the run starts soon the fish season this year will be very short.

J. Lovett, an old prospector of Cassiar District, arrived up on the Princess Charlotte last Tuesday morning. Mr. Lovett has interested Mr. A. Radolet, of Victoria, in mining claims in the Cassiar country and the two men with a part of three more, C. Kennedy, G. Kennedy and J. Nogue, left on the Port Simpson yesterday for Telegraph on their way to the property.

H. W. Brodie, General Passenger Agent of the Canadian Pacific Railway steamship line, arrived on the Princess Charlotte last Tuesday and was a business visitor in Wrangell until the Princess Alice went south Friday.

Let Harry Brice do your plumbing and repair work.

## Infantile Paralysis Is Sweeping Over The United States

New York, July 15.—One hundred and sixty five men cases of infantile paralysis are reported to the health authorities in this city in the past twenty four hours is the frightful record made public last night. Twenty nine babies were buried yesterday all dying of the dreadful disease. The people of the city are frenzied at the prospects and are doing all humans can to stop the ravage of the disease.

Tacoma, July 15.—A case of infantile paralysis was reported in this city yesterday.

Seattle, July 15.—The health authorities of this city are taking every precaution against the infantile paralysis which seems to be spreading over the United States. All babies arriving in the city by train or boat are examined by the authorities on arrival.

## Russians Are Making Another Big Drive

Petrograd, July 15.—The struggle before Kalvel has developed to the greatest violence, and it is stated that the pride of the German army has been withdrawn to other fronts. A great battle is in progress at Kovel where it is stated that the Russians have the place surrounded on three sides and it is expected that a great attack will be made on the place soon.

## Port Simpson Is On Fiist Trip Up River

The big Hudson's Bay Company steamer Port Simpson left at seven o'clock last night for Telegraph Creek, B. C., on her first trip of the season. The Port Simpson has about 90 tons of freight this trip and about twenty passengers. Mr. and Mrs. J. E. Worden, and Mrs. Coulter and little daughter Etolin, were the Wrangell people who took passage on the boat for a round trip. Among the other passengers are Miss Edith B. Philips, a sister to Mrs. Hyland of Telegraph, Mr. and Mrs. R. H. G. Nielson and baby, Mr. Nielson is the new Telegraph operator at Telegraph, H. N. Wright, Canadian Government Auditor who will make the round trip, and Mr. and Mrs. G. R. Kurris of Philadelphia tourists who will make the round trip.

This is the first trip of the Port Simpson this year and if the water holds good she expects to make three trips. The Port Simpson is under the command of Captain Gardner, who for the past four years has been master of the big river vessel.

Have your plumbing and repair work done by Harry Brice.

## Well Known Alaskan Dies In Juneau

Juneau, July 15.—Philip Funke, of Kilibnoo, died at the hospital here, yesterday morning following an operation. The deceased was the President of The Alaska Fish Salting and By Products Company, and is well known throughout the district.

## Mexican Gets 240 Days On Booze Charge

Jesus Martinez, a Mexican, received a sentence of 240 days in Judges Thomas' Court last Monday. Martinez was found guilty by a jury of twelve men on a charge of furnishing liquor to Indians. Lizzie Hooker and George Bell were the natives named in the charge.

## Nahlin Gets To Telegraph All Right

The river steamer Nahlin arrived down from her trip to Telegraph last Thursday morning. The Nahlin made the trip to Telegraph and back in about six days running time, although they were forced to wait at the canyon for several days on account of the high water. Three passengers came down on the vessel. They were Dan Nean, W. Laley and Louis Shenguin. The Nahlin took fifteen tons of freight on her trial trip.

**FOR SALE**—Small house and lot near head of the bay. Also good gas boat, 9 feet long by 6 foot beam powered with a six h. p. engine. Entire outfit for sale cheap. See W. Watson or call at Sentinel Office.

## Human Life Is Cheap

There has been a great naval battle in the North Sea. At every hour of the day and night fighting and killing are going on upon the blood soaked continent of Europe. Other lands and climes are experiencing the horrors of war.

And the war offices of the various fighting nations joyfully proclaim to the public that their armies have gained a few yards or announce reluctantly that they retired to new positions. The newspaper publish such gains or losses in great headlines.

But what of the lives that each trifling gain costs?

Take this battle in the North sea last week, for instance. Berlin and London are claiming and counter-claiming and denying losses of ships. Meanwhile between

15,000 and 20,000 men—young men with brain and brawn—have found watery graves.

And what is said about them? London and Berlin both regret, but it was a glorious victory and so on.

The great tragedy of this war is that it has made human life the cheapest commodity in the world. —American Press.

### RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound and 1/2 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

A Nonpartisan Appeal to the Nation

The White House  
Washington, April 21, 1916

To the Business Men of America:

**BESPEAK** your cordial co-operation in the patriotic service undertaken by the engineers and chemists of this country under the direction of the Industrial Preparedness Committee of the Naval Consulting Board of the United States.

The confidential industrial inventory you are asked to supply is intended for the exclusive benefit of the War and Navy Departments and will be used in organizing the industrial resources for the public service in national defense.

At my request the American Society of Civil Engineers, the American Institute of Mining Engineers, the American Society of Mechanical Engineers, the American Institute of Electrical Engineers and the American Chemical Society are graciously assisting the Naval Consulting Board in the work of collecting this data, and I confidently ask your earnest support in the interest of the people and government of the United States. Faithfully yours,

Woodrow Wilson

## Notice To Creditors

In the Probate Court, Wrangell Precinct, First Division of Alaska.

In the matter of the Estate of W. J. Jones, Deceased.  
TO ALL PERSONS WHOM IT MAY CONCERN.

Please take notice that on the 13th day of May I was duly appointed Administrator of the above estate, and on the same Letters of Administration were duly issued to me.

All persons having claim against said Estate should present same to me at my store, in Wrangell, District aforesaid, within six months from the date of this Notice.

Dated at Wrangell, Alaska, this 20th day of May, 1916.

CHAS. BENJAMIN  
Administrator of above named Estate.

J. A. Halland and wife and Mrs. R. E. Olsen, all of Petersburg, came over from that city last Wednesday and spent a few days in Wrangell.

A. B. Pennycook, wife and daughter, arrived on the City of Seattle last Tuesday to make Wrangell their future home. Mr. Pennycook is interested in the Dalmeny Fish Company.

Leonard Campbell has improved to such an extent that he is resting at home now having left the Hospital last Tuesday. Leonard suffered a broken ankle in the nose fight on the fourth.

Rev. DuVernet, Arch Bishop of British Columbia, of the Episcopal Church, was a passenger on the City of Seattle making a round trip excursion to Alaska.

The two sons and daughter of Mr. McKinney, and friend Miss Kelly arrived on the City of Seattle and will make Wrangell their home for the future.

The execution of Sir Roger Casement, the Irish patriot-politician, recently found guilty of treason, will be a serious crime. Casement's offense against England could hardly be held as treason, for treason is a crime against one's own country, and Ireland has never held that England was of her blood and bone. The case is near-parallel with the secession of the colonies in 1776, and the probabilities are that had the revolution failed, Washington, Franklin, Morris, and those other glorious patriots would have been called traitors and met death on the gallows. They did not fail, and are now lauded as heroes. The difference between the two offenses seems to lie between success and failure.

## Reduced Revenues Result From Prohibition

What the reduction of revenues means to town or nation when they come from new and untaxed sources is portrayed in the proceedings of the Budget Committee of Russia which met in Petrograd March 1. Their report showed:

That the daily war expenditure is \$15,000,000.

That the revenue of today is \$1,511,024,650, while the expenditures are \$1,616,231,849, excess of expenditures over revenue being \$105,207,140.

That the most important decrease in revenue was from the abolishment of the government's vodka manufacture, the revenue having fallen in one year from \$344,500,000 to \$4,500,000, or a reduced revenue from partial prohibition of \$340,000,000 in one year.

The government of Russia, and the brightest minds of Russia, have been figuring and scheming for nearly two years to find a way to replace the revenues decreased by stopping the manufacture of vodka, and as yet have found way. In an autocratic nation such as Russia,

measures can be used to increase revenues which could not be used in a Republic like the United States yet such as have been applied do not reach the desired point. They must figure out a way, and hope to do so, but they haven't arrived at the solution even after long study and many experiments.

Probably the trouble is that the country had grown to depend upon the revenue from liquor, just as America has until over one-third of our National revenues come from the liquor sources. Probably the United States can in time learn to live without revenues from liquor but until such time as the problem has been solved it would be disastrous for the Territory of Alaska to endeavor to solve the problem. — Fairbanks News-Miner May 18, 1916.
